COMMUNICATION IN REPLY TO
'LETTER REGARDING PATENT TERM ADJUSTMENT'

Sir:

The applicants received a "Letter Regarding Patent Term Adjustment" dated May 30, 2006 in the above-identified patent. The "Letter" was sent in reply to the applicants' Communication dated November 9, 2005. The applicants' Communication informed the Patent Office that the Patent Term Adjustment (PTA) of 342 days indicated on the Issue Notification was incorrect and requested a review of the PTA history.

The "Letter" states that the PTA was reviewed and that the "application history reveals no further basis for adjustment." Applicants respectfully submit that a "Petition for Color Drawings" was filed in the subject application on April 1, 2005 (copy attached), as requested by the Notice of Allowability received in the subject application. 37 CFR 1.704(c)(10) establishes that any paper filed after receipt of a Notice of Allowance constitutes an applicant delay. The PAIR record is not

Docket No. USF-104XC1
Patent No. 6,965,026

clear with regard to how much applicant delay was necessitated by this Petition. Thus, applicants requested a review of the PTA record in case.

In view of the above facts, applicants believe that the Patent Office may have erred in the Determination of Patent Term Adjustment. Therefore, the subject application may not be entitled to the Patent Term Adjustment as indicated on the issued patent. Applicants respectfully request a further review of the Patent Term Adjustment for this application.

The Commissioner is hereby authorized to charge any fees under 37 CFR §§1.16 or 1.17 as required by this paper to Deposit Account No. 19-0065.

Respectfully submitted,

Jeff Lloyd
